

Vacancy: Programme Director, Strategy and Operations

Data Science Nigeria (DSN) Programme Director, Strategy and Operation is an experienced professional with capacity to drive growth, inspire team, motivate for intensive academic-oriented research, catalyse sustainable impact and help us deliver against an ambitious and innovative strategy. The Director of Strategy Implementation will be responsible for leading our roadmapping and annual planning processes, simplify our strategy so all stakeholders easily understand it, enable our operational deliverables in research, social impact, consulting delivery, knowledge contribution, product development, business impact, solution development, grant access and efficient high-impact work culture.

The Director, Strategy and Operation will support strategic thinking and facilitate capacity building in our core area of Artificial Intelligence and Data Science applications and be responsible for tracking and management of delivery process across the organization. He will be a strong promoter of DSN's vision to raise 1million AI talents in 10 years by initiating and delivering on breakthrough solutions that leapfrog current approaches and drive sustainable impact across systems.

Detailed Roles:

- Strategic Growth: Work with key stakeholders to identify market needs and set strategy for rapid growth
- Project Delivery: Execute strategy by leveraging available resources
- Experimentation: Test any strategic changes through data driven experimentation
- Research: Support internal research and knowledge leadership culture
- Partnership development – build and manage relationships with volunteers, mentors, stakeholders, donors, sponsors, investors, suppliers and partners.
- Local and international community management: Managing database of global/local networks and members for engagement, allocation and feedback management.

Qualities:

- Exposure and broad understanding of Data Science and Artificial Intelligence end-to-end
- Analytical and proven track record in using data to drive strategy and make decisions
- Intellectual curiosity
- Ability to work under pressure in a competitive industry/rapidly changing environment
- Excellent communication & presentation skills and strong emotional intelligence
- Understanding of agile working methodology
